Jobs

Due to the fact that all our operations are located at our plant in South East Germany, German language skills are a must. Please refer to our Job page in German for information about suitable vacancies.

Industrial placements for foreign students may sometimes be available in administrative functions, sales or finance.

In order to protect our knowledge it is our strict policy not to offer industrial placements in manufacturing, research & development, engineering services and quality management.

All applications containing a CV, photo and copies of testimonials or references shall be sent to:
